## Super Absorbent Microfiber Tube Wet Mop

Designed for greater absorbency and floor contact to pick up liquids, as well as dirt and grime, to keep your floors clean.

We constructed our mop with a superior blend of continuous-filament microfiber and polyester. We gave it a tough mesh headband for improved life when connecting it to your choice of mop handle and a tailband, which improves washability. Its tailband also keeps the mop flat and spread wide to cover a greater area while swinging the mop from side to side.

- Designed For Greater Floor Contact & High Absorbency
- Durable Continuous-Filament Microfiber & Polyester To Withstand Laundering
- Absorbs Quickly & Fully In Less Time
- Strong Mesh Headband Improves Life of Mop
- Tailbanded Looped Ends Lay Flat, To Sweep Across A Wider Path While Mopping
- Improved Cleaning Power Over Regular Wet Mops With The Power of Microfiber
- Use On All Floor Surfaces: Vinyl Tile, Terrazzo, Ceramic Tile, Marble & Other Stone Surfaces
